### Manager's report

For the financial year ended 31 July 2020

#### A. Fund Information

### 1. Name of the Fund

Maybank Malaysia SmallCap Fund (formerly known as Maybank SmallCap Trust Fund) ("Fund")

### 2. Type of Fund

**Growth Fund** 

### 3. Category of Fund

**Equity Fund** 

#### 4. Duration of the Fund

The Fund is an open-ended Fund.

### 5. Fund launch date / commencement date

3 March 2004 / 24 March 2004

### 6. Fund's investment objective

The Fund aims to achieve Medium to Long Term capital growth by primarily investing into securities of small and medium sized companies:

- (i) listed on the Bursa Malaysia's Main Market, ACE Market and/or any other boards approved by the Securities Commission Malaysia ("SC");
- (ii) with market capitalisation of not more than the limit considered by the SC to be appropriate for fund similar to this Fund; and
- (iii) which have the potential for capital appreciation over the Medium to Long Term.

### 7. Fund distribution policy

It is not the main objective of the Fund to distribute income as the main focus of the Fund is to secure capital growth in line with the performance of the Fund's benchmark. Any distribution is at the Manager's discretion, subject to Trustee's approval.

### 8. Fund's performance benchmark

The Fund's benchmark is 100% of the performance of the FBM SmallCap Index.

### 9. The Fund's asset allocation policy

The Fund will be investing a minimum of 70% of the Fund's assets in equities and equity-related securities, and a minimum of 2% of the Fund's NAV will be invested in liquid assets.

### Manager's report

For the financial year ended 31 July 2020 (cont'd)

### A. Fund Information (cont'd)

### 10. The Fund's investment policy and principal investment strategy

The Fund invests in securities of companies which have obtained approval from the relevant authorities for listing on the Main Market or ACE Market of Bursa Malaysia. The Fund invests primarily in selected small and medium sized companies with market capitalisation of not more than Ringgit Malaysia ("RM") 3 billion at the point of purchase of stocks which have the potential for capital appreciation over the Medium to Long Term. The Fund may also invest in companies with market capitalisation exceeding RM3 billion in order to increase the benefit of diversification and enhance the stability of the Fund. The Fund may consider investment in unlisted equities. However, investment in unlisted equities is limited to a maximum of 10% of the NAV of the Fund.

### 11. Net income distribution for the financial year ended 31 July 2020

The Fund made a distribution of RM3,449,451 for the financial year ended 31 July 2020.

Below are details of distribution made during the financial year:

	Gross/net
Distribution date	distribution
	per unit (sen)
28 July 2020	1.50

Below is the impact of the distribution to the Fund's NAV:

	Before	After	
Distribution date	distribution	distribution	Changes
	(RM)	(RM)	%
28 July 2020	0.7068	0.6918	-2.12%

### 12. Breakdown of unitholdings by size

### Fund size

As at 31 July 2020, the size of the Fund was 234,992,799 units.

### Breakdown of unitholdings as at 31 July 2020

Unitholdings	No. of		No. of	
onitriolarigs	unitholders	%	units ('000)	%
5,000 units and below	414	37.20	924	0.39
5,001 to 10,000 units	177	15.90	1,183	0.50
10,001 to 50,000 units	369	33.15	7,444	3.17
50,001 to 500,000 units	151	13.57	14,558	6.20
500,001 units and above	2	0.18	* 210,884	89.74
Total	1,113	100.00	** 234,993	100.00

<sup>\*</sup> Represent 210,181,510 units held by Malayan Banking Berhad

<sup>\*\*</sup> Includes units held under Institutional Unit Trust Scheme Advisers ("IUTA"s)

Distribution date	28 July 2020	-	_
Gross/net distribution per unit (sen)	1.50	-	-
Annual total return (%) (1)	43.59	(4.80)	(3.60)
Benchmark (%)	(3.59)	(5.41)	(9.47)
Management Expense Ratio ("MER") (%) (2)	1.62	1.57	1.69
Portfolio Turnover Ratio ("PTR") (times) (3)	0.82	0.59	0.46

### B. Performance Review (cont'd)

### 1. Key performance data of the Fund (cont'd)

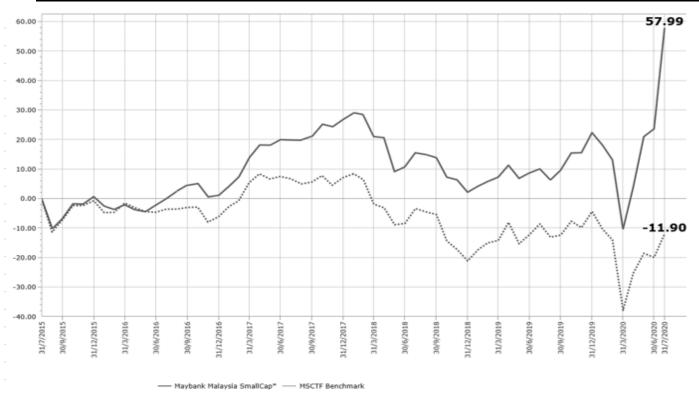

### Notes:

- (1) Actual return of the Fund for the financial year is computed based on the daily average NAV per unit, net of Manager's and Trustee's fees.
- (2) The Fund's MER increased to 1.62 due to higher expenses during the current financial year.
- (3) The Fund's PTR increased to 0.82 times due to higher investing activites during the current financial year

Investors are reminded that past performance of the Fund is not necessarily an indicative of its future performance and that unit prices and investment returns may fluctuate.

### 2. Performance of the Fund up to 31 July 2020

0-1	1 year to	3 years to	5 years to
Category	31.07.2020	31.07.2020	31.07.2020
	%	%	%
Capital growth	40.56	20.06	43.93
Income distribution	2.15	9.77	9.77
Total return of the Fund	43.59	31.79	57.99
Benchmark	(3.59)	(17.44)	(11.90)
Average total return	43.59	9.63	9.57

### Manager's report

For the financial year ended 31 July 2020 (cont'd)

### B. Performance Review (cont'd)

### 2. Performance of the Fund up to 31 July 2020 (cont'd)

### Has the Fund met its objective?

During the 5-year period under review, the Fund's performance went up by +57.99%, outperforming the FBM Small Cap's loss of -11.90%. The outperformance was mainly due to overweight of the healthcare and technology sector as well as underweighting the construction sector.

The overall market however saw a decline due to the uncertainty of the local equity market as the onslaught of the Coronavirus Disease ("COVID-19") pandemic swept the world.

Due to the strategy asset allocation, the Fund met its objective of capital growth for the 1-year and 3-year period ending July 2020. Its benchmark, the FBM Small Cap index, registered negative return of -3.59% over the same period.

#### 3. Annual total return of the Fund

For the financial	31.07.2020	31.07.2019	31.07.2018	31.07.2017	31.07.2016
year ended	%	%	%	%	%
Capital growth	40.56	(4.80)	(3.60)	11.56	(0.02)
Income distribution	2.15	-	-	8.32	-
Total return	43.59	(4.80)	(3.60)	19.88	(0.02)
Benchmark	(3.59)	(5.41)	(9.47)	10.69	(3.57)

### 4. Basis of calculation made in calculating the returns:

The performance figures are a comparison of the growth/decline in NAV after taking into account all the distributions payable (if any) during the stipulated period.

An illustration of the above would be as follows:

Capital return = (NAV per unit end / NAV per unit begin) - 1

Income return = Income distribution per unit / NAV per unit ex-date

Total return = (1+Capital return) x (1+Income return) - 1

Manager's report For the financial year ended 31 July 2020 (cont'd)

### C. Market Review

During the period under review of 1 August 2019 to 31 July 2020, the emerging equity markets were broadly weak as investor weighed-in the on-going United States ("US")-China trade tensions and uncertainty on the global economic outlook. During the period under review, with the exception of Dow Jones (-1.0%),the Standard & Poor's ("S&P") 500 and N recorded growth of 9.9% and 30.5% respectively. Meanwhile, Euro Stoxx 50 and German Daxx registered returns of -8.1% and 1.0% respectively. Returns were broadly positive with the exception of South Korea which posted decline of -10.4%; Elsewhere China, South Korea, Taiwan, Japan and India gained 22.4%, 12.4%, 18.6%, 3.7% and 1.1% respectively.

Towards the 2H2019, the emerging equity markets were broadly weak as investor weighed-in the on-going US-China trade tensions and uncertainty on the global economic outlook. Although the equity markets movements snapshot were broadly mixed, markets were volatile as the trade deal between the US-China remains an impasse as any discussion on trade negotiations are subsequently followed by trade threats. In August 2019, Trump announced that he may potentially impose 10% tariff on the remaining United States Dollars ("USD") 300 billion ("bn") worth of Chinese import starting 1 September 2019 but backpedaled in mid-August 2019, by delaying 10% tariff on some holiday related Chinese imports to 15 December 2019. The persistent on-off tit-fortat tariff translates to volatility and poor visibility on the trade progress.

The US economic data has seen some poor showing, with the manufacturing survey in September the worst reading in a decade, exacerbated by the escalating trade war. The ISM US manufacturing purchases managers' index came in at 47.8, marking the second consecutive month of contraction. Seen as an effort to cushion the economy against the slowdown, the Federal Reserve System ("Fed") has move to cut the interest rates for the 3rd time this year by 25 basis points ("bps") to 1.5%-1.75%. While the Fed has signaled a pause in further hikes, the committee indicated that it will assess and act appropriately to sustain the economic expansion, signaling that the committee would stay accommodative. Elsewhere, political and trade tensions also sparked in other nations, with Saudi Arabia oil plant being attacked by drones, Japan announcing that it has removed South Korea from the whitelist of trusted trade partners and anti-government protests happening in Hong Kong.

Domestically, the large cap FBM Kuala Lumpur Composite Index ("KLCI") closed lower by 2.2% for the period, while the broader market FBM Emas Index also posted a loss of 1.7%. Meanwhile, the small cap space performed poorer with the FBM SmallCap Index down by 3.7% for the period. The local market continue to be sold off by foreigners due to lack of catalyst and overhang on the political uncertainties as well as government policies. The start of 2020 saw KLCI fall due to foreign selling amid concerns of the COVID-19 impact on corporate earnings. The selling accelerated and bottomed at 1,220 points in 19 March 2020. However strong retail interest coupled with stellar performance from the glove players pushed KLCI to post a strong rebound to a peak of 1,575 points as at 10 June 2020. The Small Cap sector however underperformed as other sectors with the exception of healthcare, technology and utilities have underperformed the KLCI.

The top performing sector was healthcare (strong rubber gloves demands due to COVID-19), technology sector (benefiting from remote working and learning) and utilities (defensive earnings quality).

### Manager's report

For the financial year ended 31 July 2020 (cont'd)

#### D. Market Outlook

The market is expected to remain volatile in the 2H2020 due to uncertainties on the global economic recovery due to lockdowns and cross-border restrictions until a mass-market treatment and vaccines are available for COVID-19.

Despite the persistent net outflows, the KLCI has outperform its regional peers as heighten retail participation and a solid thematic play has helped lift both volume and performance of the local market.

Glove stocks continue to deliver solid performance and technology sector is reporting a better outlook in the 2H2020. The technology sector remains robust as demands for semiconductor related products continue to be vibrant.

Key events to watch out during the 2H2020 are the roll-out of medium to long term policy measures by the Government in October 2020 and the 2021 Budget to be announced early November 2020.

### E. Investment Strategy

We continue to seek for fundamentally solid companies with sustainable earnings post the pandemic as it still creates uncertainty throughout the world. As the market continues to be volatile, we remain convinced with the healthcare sector as part of the needs during the COVID-19 outbreak. We also overweight the technology sector as it paves the way for accelerated needs for connectivity despite refresh trade war tensions between the US and China.

We are keeping our cash level at a higher level as we realized some gains; we continue to seek out undervalued gems in this time of turmoil.

### F. Significant Changes in the State of Affairs of the Fund

The name of the fund have been changed to Maybank Malaysia SmallCap Fund in accordance with the Fifth Supplementary Deed dated 11 July 2019.

Manager's report For the financial year ended 31 July 2020 (cont'd)

#### G. Soft Commissions and Rebates

The Manager and its delegates will not retain any form of soft commissions and rebates from or otherwise share in any commission with any broker in consideration for directing dealings in the investments of the Fund unless the commission received is retained in the form of goods and services such as financial wire services and stock quotations system incidental to investment management of the Fund. All dealings with brokers are executed on best available terms.

During the financial year under review, the Manager and its delegates did not receive any rebates from the brokers or dealers but have retained soft commissions in the form of goods and services such as research materials and advisory services that assist in decision making process relating to the investment of the Fund (i.e. research materials, data and quotation services, computer hardware and software incidental to the investment management of the Fund and investment advisory services) which were of demonstrable benefits to the unitholders.

TRUSTEE'S REPORT

TO THE UNITHOLDERS OF

MAYBANK MALAYSIA SMALLCAP FUND

(formerly known as MAYBANK SMALLCAP TRUST FUND)

FOR THE FINANCIAL YEAR ENDED 31 JULY 2020

We, CIMB Commerce Trustee Berhad being the trustee of Maybank Malaysia SmallCap Fund (formerly known as Maybank SmallCap Trust Fund) ("the Fund") are of the opinion that Maybank Asset Management Sdn Bhd ("the Manager"), acting in the capacity as Managers of the Fund, has

fulfilled its duties in the following manner for the financial year ended 31 July 2020.

(a) The Fund has been managed in accordance with the limitations imposed on the investment

powers of the Managers under the Deed and Supplemental Deeds, the Securities Commission Malaysia's Guidelines on Unit Trust Funds, the Capital Markets and Services Act 2007 (as

amended from time to time) and other applicable laws;

(b) Valuation and pricing for the Fund has been carried out in accordance with the Deed and

Supplemental Deeds and relevant regulatory requirements;

(c) Creation and cancellation of units have been carried out in accordance with the Deed and

Supplemental Deeds and relevant regulatory requirements; and

d) The distribution of income made by the Fund as declared by the Manager is appropriate and

reflects the investment objective of the Fund.

### STATEMENT BY MANAGER

TO THE UNITHOLDERS OF
MAYBANK MALAYSIA SMALLCAP FUND
(formerly known as MAYBANK SMALLCAP TRUST FUND)
FOR THE FINANCIAL YEAR ENDED 31 JULY 2020

We, Dr Hasnita Binti Dato' Hashim and Ahmad Najib Bin Nazlan, being two of the Directors of Maybank Asset Management Sdn Bhd (the "Manager") do hereby state that, in the opinion of the Manager, the accompanying financial statements are drawn up in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards so as to give a true and fair view of the financial position of Maybank Malaysia SmallCap Fund (formerly known as Maybank SmallCap Trust Fund) as at 31 July 2020 and of its results, changes in equity and cash flows for the financial year ended 31 July 2020 and comply with the requirements of the Deeds.

For and on behalf of the Manager

**Dr Hasnita Binti Dato' Hashim**Director

Ahmad Najib Bin Nazlan Director

Kuala Lumpur, Malaysia 15 September 2020

# Independent auditors' report to the Unitholders of MAYBANK MALAYSIA SMALLCAP FUND (formerly known as MAYBANK SMALLCAP TRUST FUND)

### Report on the audit of the financial statements

### Opinion

We have audited the financial statements of Maybank Malaysia SmallCap Fund (Formerly known as Maybank SmallCap Trust Fund) (the "Fund"), which comprise the statement of financial position as at 31 July 2020 of the Fund, and the statement of comprehensive income, statement of changes in equity and statement of cash flows of the Fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, as set out on pages 15 to 50.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 July 2020 and of its financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

### Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors'* responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### Information other than the financial statements and auditors' report thereon

The Manager of the Fund ("the Manager") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

# Independent auditors' report to the Unitholders of MAYBANK MALAYSIA SMALLCAP FUND (formerly known as MAYBANK SMALLCAP TRUST FUND) (cont'd)

Information other than the financial statements and auditors' report thereon (cont'd)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager and Trustee for the financial statements

The Manager is responsible for the preparation of financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

# Independent auditors' report to the Unitholders of MAYBANK MALAYSIA SMALLCAP FUND (formerly known as MAYBANK SMALLCAP TRUST FUND) (cont'd)

Auditors' responsibilities for the audit of the financial statements (cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether
  due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a
  material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Independent auditors' report to the Unitholders of MAYBANK MALAYSIA SMALLCAP FUND (formerly known as MAYBANK SMALLCAP TRUST FUND) (cont'd)

### Other matters

This report is made solely to the unitholders of the Fund, as a body, in accordance with the Guidelines on Unit Trust Funds issued by the Securities Commission Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 JULY 2020

### 1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

Maybank Malaysia SmallCap Fund (formerly known as Maybank SmallCap Trust Fund) ("the Fund") was constituted pursuant to the execution of a Deed dated 11 February 2004 between Amanah Mutual Berhad as the Manager, and Malaysian Trustee Berhad as the Trustee and the Registered Holders of the Fund. A First Supplemental Deed dated 26 May 2005 and a Second Supplemental Deed dated 28 January 2014, which was entered into between the Manager, Malaysian Trustee Berhad and the new Trustee, CIMB Commerce Trustee Berhad, was issued to amend the principal Deed. Also, Third Supplemental Deed was also issued on 27 January 2016. The Fund commenced operations on 24 March 2004 and will continue to be in operations until terminated by the Trustee as provided under the Deeds.

The Manager, a company incorporated in Malaysia, is principally engaged in the management of unit trust funds. Amanah Saham Nasional Berhad ("ASNB") and Permodalan Nasional Berhad, companies incorporated in Malaysia, were the holding and ultimate holding company of the Manager until 16 May 2018.

Following the acquisition of AMB by Maybank Asset Management Sdn Bhd ("MAM"), the immediate and ultimate holding companies of the Manager has been changed to MAM and Malayan Banking Berhad ("MBB") respectively effective 17 May 2018.

MAM and CIMB Commerce Trustee Berhad as the Trustee had entered into a Fourth Supplemental Deed dated 4 September 2018 and Fifth Supplemental Deed dated 11 July 2019. The Deed and Supplemental Deeds are hereinafter referred to as 'Deeds'.

The principal activity of the Fund is to invest in a selected portfolio of investments in small and medium size companies listed on the Main Market of Bursa Malaysia Securities Berhad and other approved investments.

The Manager of the Fund is MAM, a company incorporated in Malaysia. It is a holder of the Capital Markets Services License with fund management as its regulated activity under the Capital Markets and Services Act 2007 ("CMSA"). The principal place of business of MAM is at Level 12, Tower C, Dataran Maybank, No. 1 Jalan Maarof, 59000 Kuala Lumpur, Malaysia. MAM is a subsidiary of Maybank Asset Management Group Berhad ("MAMG"), which in turn is a subsidiary of Malayan Banking Berhad ("MBB").

The financial statements were authorised for issue by the Board of Directors of the Manager (the "Directors") in accordance with a resolution of the Directors on 15 September 2020.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 2.1 Basis of preparation

The financial statements of the Fund have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS") as issued by the Malaysian Accounting Standards Board ("MASB") and International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"), the Deeds and any regulatory requirements.

The Fund has adopted the MFRS, Amendments to Standards and Interpretations Committee ("IC") Interpretations which have become effective for the financial year ended 31 July 2020. The adoption of the new pronouncements did not result in any material impact to the financial statements.

The financial statements have been prepared on a historical cost basis except as disclosed in the accounting policies in Note 2.3 to 2.14 to the financial statements. The financial statements are presented in Ringgit Malaysia ("RM").

### 2.2 Standards, amendments to standards and interpretations issued but not yet effective

The following are Standards, Amendments to Standards and Interpretations issued by the MASB, but not yet effective, up to the date of issuance of the Fund's financial statements. The Fund intends to adopt the relevant standards, if applicable, when they become effective.

Description	Effective for annual periods beginning on or after
Revised Conceptual Framework for Financial Reporting	1 January 2020
Amendments to MFRS 3: Definition of a Business	1 January 2020
Amendments to MFRS 101 and MFRS 108: Definition of Material	1 January 2020
Amendments to MFRS 7, MFRS 9 and MFRS 139: Interest Rate Benchmark	
Reform	1 January 2020
MFRS 17: Insurance Contracts	1 January 2021
Amendments to MFRS 10 and MFRS 128: Sale or Contribution	
of Assets between an Investor and its Associate or Joint Venture	Deferred

The Fund expects that the adoption of the above standards and amendments to standards will not have any material impact on the financial statements in the period of initial application.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 2.3 Financial instruments

Financial assets and liabilities are recognised when the Fund becomes a party to the contractual provision of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

### 2.4 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place. All recognised financial assets are subsequently measured in their entirety at amortised cost or fair value, depending on the classification of the assets.

### (i) Financial assets at amortised cost

Unless designated as at FVTPL on initial recognition, debt instruments that meet the following conditions are subsequently measured at amortised cost less impairment loss:

- the assets are held within a business model whose objectives is to hold assets in order to collect contractual cash flows: and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that do not meet the criteria above are classified as either fair value through other comprehensive income ("FVTOCI") or FVTPL.

The Fund classifies cash and cash equivalents, interest receivable, dividend receivable and amount due from brokers and amount due from Manager as loan and receivables, and are subsequently measured at amortised cost. Quoted equities is classified as FVTPL.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.4 Financial assets (cont'd)

### (ii) Financial assets at FVTPL

Investments in equity instruments are classified as FVTPL, unless the Fund designates an investment that is not held for trading as FVTOCI on initial recognition.

A financial asset is recognised at FVTPL if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of the portfolio of identified financial instruments that the Fund manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Debt instruments that do not meet the amortised cost criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria but are designated as at FVTPL are measured at FVTPL. A debt instrument may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Debt instruments are reclassified from amortised cost to FVTPL when the business model is changed such that the amortised cost criteria are no longer met. Reclassification of debt instruments that are designated as at FVTPL on initial recognition is not allowed.

Financial assets at FVTPL are measured at fair value at the end of each reporting year, with any gains or losses arising on remeasurement recognised in profit or loss.

Interest income on debt instruments as at FVTPL is disclosed separately in the profit or loss.

Dividend income on investments in equity instruments at FVTPL is recognised when the Fund's right to receive the dividends is established in accordance with MFRS 9 and is disclosed separately in the profit or loss.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.4 Financial assets (cont'd)

### (iii) Impairment of financial assets

Credit losses are recognised based on the 'Expected Credit Loss' ("ECL") model. The Fund recognises loss allowances for ECL on financial instruments that are not measured at FVTPL. The impairment model does not apply to equity investments.

ECL are a probability-weighted estimate of credit losses. It is measured as follows:

- Financial assets that are not credit-impaired at the reporting date:
   As the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Fund expects to receive);
- Financial assets that are credit-impaired at the reporting date:
   As the difference between the gross carrying amount and the present value of estimated future cash flows.

At each reporting date, the Fund assesses whether financial assets carried at amortised cost are creditimpaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- Significant financial difficulty of the issuer or counterparty;
- Significant downgrade in credit rating of the instrument by a rating agency;
- A breach of contract such as a default or past due event; or
- The disappearance of an active market for a security because of financial difficulties.

For balances with short-term nature, full impairment will be recognised on uncollected balances after the grace period.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.4 Financial assets (cont'd)

### (iv) Derecognition of financial assets

The Fund derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

If the Fund neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Fund recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Fund retains substantially all the risks and rewards of ownership of a transferred financial asset, the Fund continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of financial asset classified as FVTPL, the cumulative unrealised gain or loss previously recognised is transferred to realised gain or loss on disposal in profit or loss.

On derecognition of financial assets at amortised cost, gains and losses are recognised in profit or loss when the asset is derecognised, modified, or impaired.

### 2.5 Financial liabilities

### (i) Classification

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability. The Fund classifies amount due to Manager, amount due to Trustee, amount due to brokers, and other payables and accruals as other financial liabilities.

### (ii) Recognition and measurement

The Fund's financial liabilities are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest rate ("EIR") method. The EIR is a method of calculating the amortised cost of the financial liability and of allocating and recognising the profit expense in profit or loss over the relevant period.

### (iii) Derecognition of financial liabilities

The Fund derecognises financial liabilities when, and only when, the Fund's obligations are discharged, cancelled or expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.6 Unitholders' capital

The unitholders' contributions to the Fund meet the criteria to be classified as equity instruments under MFRS 132 *Financial Instruments: Presentation*. Those criteria include:

- the units entitle the holder to a proportionate share of the Fund's NAV;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the profit or loss of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial year if unitholder exercises the right to put the unit back to the Fund. Units are created and cancelled at prices based on the Fund's NAV per unit at the time of creation or cancellation. The Fund's NAV per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

Distribution equalisation represents the average distributable amount included in the creation and cancellation prices of units. The amount is either refunded to unitholders by way of distribution and/or adjusted accordingly when units are cancelled.

### 2.7 Revenue / Income

Revenue is measured at the fair value of consideration received or receivable:

- Dividend income from unquoted fixed income securities and deposits with licensed financial institutions are recognised on the accruals basis using the effective interest rate method.
- Realised gain or loss on disposal of unquoted fixed income securities is accounted for as the difference between the net disposal proceeds and the carrying amount of the investments, determined on cost adjusted for accretion of discount or amortisation of premium.
- Redemption fee income is charged to unitholders on cancellation of units before the maturity date and is recognised upon cancellation of units.
- Other income is generally recognised when the Fund satisfies a performance obligation by transferring a
  promised good or service or an Asset to a customer. An Asset is transferred when (or as) the customer
  obtains control of that asset.

### 2.8 Cash and cash equivalents

Cash and cash equivalents include cash at bank and deposits with licensed financial institutions with maturities of 3 months or less, which have an insignificant risk of changes in value.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### 2.9 Distribution

Any distribution to the Fund's unitholders is accounted for as a deduction from realised reserves except where distribution is sourced out of distribution equalisation which is accounted for as a deduction to the unitholders' capital. A proposed distribution is recognised as a liability in the year in which it is approved.

Distribution is either reinvested or paid in cash to the unitholders on the income payment date. Reinvestment is based on the NAV per unit on the income payment date, which is also the time of creation.

#### 2.10 Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax expense is determined according to Malaysian tax laws at the current rate based upon the taxable income earned during the financial year.

No deferred tax is recognised as there are no material temporary differences.

### 2.11 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to by the Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.11 Fair value measurement (cont'd)

All assets for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets that are recognised in the financial statements on a recurring basis, the Fund determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

### 2.12 Functional and foreign currency

The financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is also the Fund's functional currency.

### 2.13 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The chief operating decision-maker is responsible for allocating resources and assessing performance of the operating segments.

### 2.14 Critical accounting estimates and judgements

The preparation of the Fund's financial statements requires the Manager to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability in the future.

No major judgements have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### 3. MANAGER'S FEE

The Manager's fee is computed daily based on 1.50% (2019: 1.50%) per annum ("p.a.") of the NAV of the Fund, before deducting Manager's fee and Trustee's fee for the day.

### 4. TRUSTEE'S FEE

The Trustee fee is calculated and accued daily. The Trustee fee is computed based on 0.07% (2019: 0.07%) p.a. of the NAV of the Fund, before deducting Manager's fee and Trustee's fee for the day, subject to a minimum of RM 18,000 p.a.

### 5. TAXATION

	2020	2019
Tax charge for the financial year:	RM	RM
Current income tax expense	11,623	24,879

Income tax is calculated at the Malaysian statutory rate of 24% (2019: 24%) of the estimated assessable income for the financial year.

The tax expense for the financial year is in relation to the taxable income earned by the Fund after deducting tax allowable expenses. In accordance with Schedule 6 of the Income Tax Act 1967, interest income and dividend income earned by the Fund is exempted from tax.

A reconciliation of income tax expense applicable to net gain/(loss) before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Fund is as follows:

	2020 RM	2019 RM
Net gain/(loss) before taxation	49,369,166	(5,827,967)
Taxation at Malaysian statutory rate of 24% (2019: 24%)	11,848,600	(1,398,712)
Income not subject to tax	(12,405,458)	(852,849)
Loss not deductible for tax purpose Income tax at source	- 11,623	1,752,243 12,144
Expenses not deductible for tax purposes	556,858	499,318
Underprovision in prior years	-	12,735
Tax expense for the financial year	11,623	24,879

### 6. INVESTMENTS AT FVTPL

(a) The equities held by the Fund are categorised based on their principal business activities according to Bursa Malaysia sector classification as at reporting dates.

#### 6. INVESTMENTS AT FVTPL (CONT'D)

2019 (cont'd)	Quantity Unit	Aggregate cost RM	Market value RM	Percentage of NAV %
Transportation				
Suria Capital Holdings Bhd	869,000	1,640,497	1,216,600	1.06
Utilities				
Ranhill Holdings Bhd	3,569,960	4,324,752	4,569,549	4.00
Taliworks Corp Bhd	412,900	342,153	373,674	0.33
	3,982,860	4,666,905	4,943,223	4.33
Total FVTPL investments	74,631,434	99,526,290	102,382,950	89.56
Unrealised gain on FVTPL investments			2,856,660	

<sup>\*</sup> As at the reporting date, the Fund holds shares in RHB Capital Bhd, which has been delisted to facilitate the transfer of shares and listing status to RHB Bank Bhd. Following the spin-off event on 2 June 2016, there is no cost and market value for the said security as all assets and liabilities have been vested to RHB Bank Bhd.

<sup>\*\*</sup> Malayan Banking Bhd is the ultimate holding company of the Manager.

<sup>(</sup>b) Changes in the fair value of FVTPL investments are recognised in 'unrealised gain/(loss) on FVTPL investments' in profit and loss. Accumulated unrealised gains or losses are reclassified to 'realised (loss)/gain on FVTPL investments' in profit or loss when the associated assets are sold. See accounting policy Note 2.4 (ii) for details.

#### 7. DEPOSITS WITH LICENSED FINANCIAL INSTITUTIONS

	2020	2019
	RM	RM
Licensed banks	30,168,543	13,276,842

The weighted average effective interest rates ("WAEIR") of deposits and the average maturity of deposits as at the reporting date were as follows:

	2020		2019	
	WAEIR % p.a.	Average maturity Days	WAEIR % p.a.	Average maturity Days
Licensed banks				
- less than 3 months	1.65	2	2.90	1

#### 8. AMOUNT DUE FROM/(TO) MANAGER

	2020 RM	2019 RM
(i)	95,997	-
(ii)	189,000	146,600
(iii)	60,888	35,448
	249,888	182,048
	(ii)	(i) 95,997  (ii) 189,000 (iii) 60,888

- (i) The amount represented amount receivable from the Manager for units created.
- (ii) The amount relates to the amount payable to the Manager arising from the accruals for Manager's fee at the end of the financial year. The normal credit term for Manager's fee is 15 days (2019: 15 days)
- (iii) The amount represented amount payable to the Manager for units cancelled.

#### 9. AMOUNT DUE FROM/(TO) BROKERS

Amount due from/(due to) brokers relates to the amount receivable/(payable) from/to brokers arising from the sales/(purchase) of investments. The settlement period for this receivables/(payables) is within 2 working days from the deal date.

### 10. AMOUNT DUE TO TRUSTEE

The amount due to Trustee relates to the amount payable arising from the accrual for Trustee's fee at the end of the financial year. The normal credit term is 15 days.

### 11. OTHER PAYABLES AND ACCRUALS

	2020	2019
	RM	RM
Due to external auditors	11,554	12,084
Due to tax agents	4,505	8,681
Other payables and accruals	38,908	33,929
	54,967	54,694

### 12. TOTAL EQUITY

		2020	2019
	Note	RM	RM
Unitholders' capital	12 (a)	136,865,358	134,501,140
Accumulated realised loss	12 (b)	(9,799,071)	(23,050,713)
Accumulated unrealised income	12 (c)	35,513,110	2,856,660
		162,579,397	114,307,087

### (a) Unitholder's capital

	2020		201	9
	Units	RM	Units	RM
As at beginning of the				
financial year	232,215,726	134,501,140	235,386,500	136,051,015
Creation of units	3,637,194	2,098,617	55,888	26,777
Reinvestment of units	4,984,756	3,449,451	-	-
Cancellation of units	(5,844,877)	(3,183,850)	(3,226,662)	(1,576,652)
As at end of the financial				
year	234,992,799	136,865,358	232,215,726	134,501,140

#### 12. TOTAL EQUITY (CONT'D)

#### (a) Unitholder's capital (cont'd)

As at the reporting date, the total number and value of units held legally or benefically by the Manager are as follows:

	2020		201	9
	Units	RM	Units	RM
MBB, the ultimate holding				
of the Manager	210,181,510	145,413,746	205,722,214	101,265,782

The units are held beneficially by the Manager for booking purposes, and are within the prescribed limit allowed by the SC's Guidelines on Unit Trust Funds. Other than the above, there were no units held by the directors or parties related to the Manager.

#### (b) Accumulated realised loss

	2020 RM	2019 RM
At the beginning of the financial year Net realised income/(loss) for the financial year Distribution out of retained earnings (Note 13)	(23,050,713) 16,701,093 (3,449,451)	(22,009,375) (1,041,338)
At the end of the financial year	(9,799,071)	(23,050,713)

Disposal of certain underperforming investment prior to 1 August 2011 resulted in the significant accumulated realised losses brought forward.

#### (c) Accumulated unrealised income

	2020 RM	2019 RM
At the beginning of the financial year	2,856,660	7,668,168
Net unrealised income/(loss) for the financial year	32,656,450	(4,811,508)
At the end of the financial year	35,513,110	2,856,660

### 13. DISTRIBUTION

The sources of distribution to the unitholder are as follow:

	2020
Interest income	405,643
Other income	3,535,507
Less: Expenses	(491,699)
Distributions for the financial year	3,449,451
The gross and net distribution per unit declared in the current financial year are as follows:	Gross/Net distribution
Distribution date (ex-date)	per unit (sen)
2020	
28 July 2020	1.50

The distribution declared are settled in the forms of units and presented as 'reinvestment of units' in Note 12(a) on payment date.

There was no distribution declared during the previous financial year.

### 14. TRANSACTIONS WITH BROKERS/DEALERS/FINANCIAL INSTITUTIONS

The transactions with top 10 brokers/dealers for the current and previous financial year are as follows:

2020	Value of trade RM	Percent of total trade %	Brokerage fees RM	Percent of brokerage fees %
Hong Leong Investment Bank Bhd	50,466,061	27.42	86,372	30.18

	128,358,784	100.00	191,843	100.00

<sup>\*</sup> MIBB is a wholly owned subsidiary of Malayan Banking Bhd ("MBB"), the ultimate holding company of the Manager.

#### 15. SIGNIFICANT RELATED PARTY TRANSACTION AND BALANCES

For the purpose of these financial statements, parties are considered to be related to the Fund or the Manager if the Fund or the Manager has the ability directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decision, or vice versa, or where the Fund or the Manager and the party are subject to common control or common significant influence. Related parties maybe individuals or other entities. In addition to the related party information disclosed elsewhere in the financial statements, the following is the significant related party transaction and balances of the Fund during the financial year.

Other than those disclosed elsewhere in the financial statements, the significant related party transactions and balances as at the reporting date are as below.

		2020	2019
		RM	RM
(a)	Significant related party transactions		
	MBB:		
	Interest income from deposits	184,967	244,959
	Dividend income	177,155	153,734
(b)	Significant related party balances		
	MBB:		
	Deposit with a licensed financial institution	14,069,543	2,922,842
	Interest income receivable	1,272	232

#### 16. MANAGEMENT EXPENSE RATIO ("MER")

MER is calculated based on the ratio of the total fees and recovered expenses for the year, to the average daily NAV of the Fund. For the financial year ended 31 July 2020, the MER of the Fund stood at 1.62% (2019: 1.57%).

#### 17. PORTFOLIO TURNOVER RATIO ("PTR")

The PTR of the Fund is the ratio of average of the total acquisitions and disposals of the investment in the Fund for the financial year to the daily average NAV of the Fund. For the financial year ended 31 July 2020, the PTR of the Fund stood at 0.82 times (2019: 0.59 times).

#### 18. FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

#### (a) Classification of financial instruments

The Fund's financial assets and financial liabilities were measured on an ongoing basis at either fair value or at amortised cost based on their respective classifications. The significant accounting policies in Note 2 to the financial statements describe how the classes of financial instruments are measured and how income and expenses are recognised.

The following table analyses the financial assets and liabilities (excluding tax-related matters) of the Fund in the statement of financial position as at the reporting date by the class of financial instrument to which they are assigned, and therefore by the measurement basis.

2020	Financial instruments at FVTPL RM	Financial assets at amortised cost RM	Financial liabilities at amortised cost RM	Total RM

Total financial			4.544.055	4.544.055
liabilities	-	-	1,541,055	1,541,055

### (b) Financial instruments that are carried at fair value

The fair value of quoted investments in shares, warrants and REITs are determined by reference to the last bid price on the Bursa Malaysia as at the statement of financial position date.

#### 18. FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES (CONT'D)

#### (c) Fair value hierarchy

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
2020	••••	••••	••••	
Investments at FVTPL	131,464,308	-	-	131,464,308
2019				
Investments at FVTPL	102,382,950	-	-	102,382,950

## (d) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximations of fair value

Other than its investments at FVTPL, the Fund's financial instruments were not carried at fair value but their carrying amounts were reasonable approximations of fair value due to their short-term maturity.

#### 19. SEGMENTAL REPORTING

The Portfolio Management Committee (the "PMC") of the Manager, being the chief operating decision-maker of the Manager makes the strategic decisions on the resources allocation of the Fund. The decisions are based on an integrated investment strategy to ensure the Fund achieve its targeted return with an acceptable level of risk within the portfolio.

The chief operating decision-maker is responsible for the performance of the Fund by investing a minimum of 70% of the Fund's assets in equities and equity-related securities, and a minimum of 2% of the Fund's NAV will be invested in liquid assets.

The internal reporting for the Fund's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of MFRS and IFRS.

There were no changes in the reportable operating segments during the financial year.

#### 20. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES

#### (a) Introduction

The Fund maintains investment portfolios in a variety of listed financial instruments as dictated by its Deeds and investment management strategy. The Fund is exposed to a variety of risks including market risk (which includes price risk) and liquidity risk. Whilst these are the most important types of financial risks inherent in each type of financial instruments, the Manager and the Trustee would like to highlight that this list does not purport to constitute an exhaustive list of all the risks inherent in an investment in the Fund.

#### (b) Market risk

Market risk is the risk that the fair value of future cash flows of financial instruments will fluctuate due to changes in market variables such as equity prices. The maximum risk resulting from financial instruments equals their fair value. The market risk is managed through consistent monitoring and swift response to various factors that may adversely affect the Fund.

#### (i) Equity price risk

Equity price risk is the risk of unfavourable changes in the fair values of equities as the result of changes in the levels of equity indices and the value of individual shares. The equity price risk exposure arises from the Fund's investments in quoted equities. This risk can be minimised through investing in a wide range of companies in different sectors, which function independently from one another.

#### **Equity price risk sensitivity**

Management's best estimate of the effect on profit for the year due to a reasonable change in equity index, with all other variables held constant is indicated in the table below:

	2020		2019		
	Effects on profit			Effects on profit	
	Changes	for the year	Changes	for the year	
	in equity	Increase/	in equity	Increase/	
	price	(decrease)	price	(decrease)	
	%	RM	%	RM	
Quoted equities	+ 5	6,573,215	+ 5	5,119,148	
	- 5	(6,573,215)	- 5	(5,119,148)	

#### **Equity price risk concentration**

The Fund's exposure to equity price risk based on its portfolio of investments as at the reporting date is disclosed in Note 6 to the financial statements.

#### 20. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

#### (c) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities or redeem its units earlier than expected. The Fund is exposed to cash redemptions of its units on a regular basis. Units sold to unitholders by the Manager are redeemable at the unitholders' option based on the Fund's NAV per unit at the time of redemption calculated in accordance with the Fund's Deeds.

The Manager's policy is to always maintain a prudent and sufficient level of liquid assets so as to meet normal operating requirements and expected redemption requests by unitholders. Liquid assets comprise of cash, deposits with licensed financial institutions and other instruments which are capable of being converted into cash within 7 days.

The following table summarises the maturity profile of the Fund's financial liabilities. Balances due within twelve months equal their carrying amounts, as the impact of discounting is insignificant.

	Less than 1 month	More than 1 month	Total
2020	RM	RM	RM
Financial assets:			
Investments at FVTPL	131,464,308	-	131,464,308

#### Notes:

#### (i) Financial assets

Analysis of financial assets at FVTPL and deposits into maturity groupings is based on the expected date on which these assets will be realised. The Fund's equities have been included in the "less than 1 month" category on the assumption that these are highly liquid investments which can be realised should all of the Fund's unitholders' equity be required to be redeemed. The other assets shall not comprise of tax recoverable in view that it is not a financial asset. For other assets, the analysis into maturity groupings is based on the remaining period from the end of the reporting period to the contractual maturity date or if earlier, the expected date on which the assets will be realised.

#### (ii) Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date. When a counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Fund can be required to pay.

#### 20. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

#### (c) Liquidity risk (cont'd)

#### (iii) Unitholders' capital

The unitholders can request for redemption on their units by giving the Manager a T + 7 calendar day notice period, the unitholders' capital have been categorised as having a maturity of "less than 1 month".

#### (d) Credit risk

Credit risk is the risk that the issuer/counterparty to a financial instrument will default on its contractual obligation resulting in a financial loss to the Fund. The Fund is exposed to the risk of credit-related losses that can occur as a result of an issuer/counterparty's inability or unwillingness to honour its contractual obligations to make timely repayments of interest, principal and proceeds from realisation of investments. These credit exposures exist within financing relationships and other transactions.

The Manager manages the Fund's credit risk by undertaking credit evaluation and close monitoring of any changes to the issuer/counterparty's credit profile to minimise such risk. It is the Fund's policy to enter into financial instruments with reputable counterparties. The Manager also closely monitors the creditworthiness of the Fund's other counterparties (e.g. brokers, custodian, banks, etc.) by reviewing their credit ratings and credit profile on a regular basis.

#### Credit risk exposure

At the reporting date, the Fund's maximum exposure to credit risk is represented by the carrying amount of each class of financial asset recognised in the statement of financial position. None of the Fund's financial assets were past due or impaired as at the reporting date.

#### Credit quality of financial assets

The following table analyses the Fund's deposits with licensed financial institutions, cash at bank and interest receivables from financial institutions by rating categories. The rating is obtained from RAM Holdings Bhd's official website.

#### 20. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

#### (e) Credit risk (cont'd)

	2020		2019	
Financial assets	As a percentage of NAV		As a percentage of NAV	
	RM	%	RM	%
AAA	30,704,368	18.89	13,338,013	21.82

#### 21. CAPITAL MANAGEMENT

The capital of the Fund can vary depending on the demand for redemptions and subscriptions to the Fund.

The Fund's objectives for managing capital are:

- (a) To invest in investments meeting the description, risk exposure and expected returns as indicated in its prospectus;
- (b) To achieve consistent returns while safeguarding capital by using various investment strategies;
- (c) To maintain sufficient liquidity to meet the expenses of the Fund, and to meet redemption requests as they arise; and
- (d) To maintain sufficient fund size to ensure that the operations of the Fund are cost-efficient.

No changes were made to the capital management objectives, policies or processes during current financial year.
