MAYBANK INCOME MANAGEMENT-I FUND

Manager's report

For the financial period from 1 September 2021 to 28 February 2022

A. Fund Information

1. Name of Fund

Maybank Income Management-I Fund (the "Fund")

2. Type of Fund

Income

3. Category of Fund

Fixed Income

4. Duration of Fund

The Fund is an open-ended fund.

5. Fund launch date / commencement date

8 January 2021 / 24 February 2021

6. Fund's investment objective

The Fund aims to provide investors with a consistent stream of income through investments in a diversified portfolio of Sukuk.

7. Fund distribution policy

Distribution will be made on a semi-annual basis (subject to availability of income) and at the discretion of the Manager. Distribution, if any, will be made from the realised income of the Fund. Additional distribution, if any, shall be incidental and shall be made from the realised income of the Fund.

8. Fund's performance benchmark

Maybank 12-months Islamic deposit rate +0.50% per annum

9. The Fund's investment policy and principal investment strategy

The Fund seeks to achieve its investment objective by investing a minimum of 70% of the Fund's NAV in MYR-denominated Sukuk. Up to 30% of the Fund's NAV may be invested in Islamic liquid assets such as Islamic money market instruments and Islamic deposits. The Fund may invest up to 30% of its NAV investment in non-MYR denominated Sukuk should the External Investment Manager ("EIM") deems the investments to be in line with the objective of the Fund.

10. Breakdown of unitholdings by size

Fund size

As at 28 February 2022, the size of the Fund was 168,605,756 units.

Breakdown of unitholdings as at 28 February 2022

Unitholdings	No. of unitholders	%	No. of units ('000)	%
5,000 units and below	1	50.00	* 1	-
5,001 to 10,000 units	-	-	-	-
10,001 to 50,000 units	-	-	-	-
50,001 to 500,000 units	-	-	-	-
500,001 units and above	1	50.00	** 168,605	100.00
Total	2	100.00	168,606	100.00

B. Performance Review (cont'd)

1. Key performance data of the Fund (cont'd)

Category	01.09.2021 to 28.02.2022	01.09.2021 to 28.02.2022	08.01.2021 (date of launch) to 31.08.2021
Benchmark (%)	1.17	2.36	1.67
Management Expense Ratio ("MER") (%)	0.15	0.26	0.16
Portfolio Turnover Ratio ("PTR") (times)	0.30	0.43	0.61

Note:

(1) Actual return of the Fund for the financial year is computed based on the daily average NAV per unit, net of Manager and Trustee's fees.

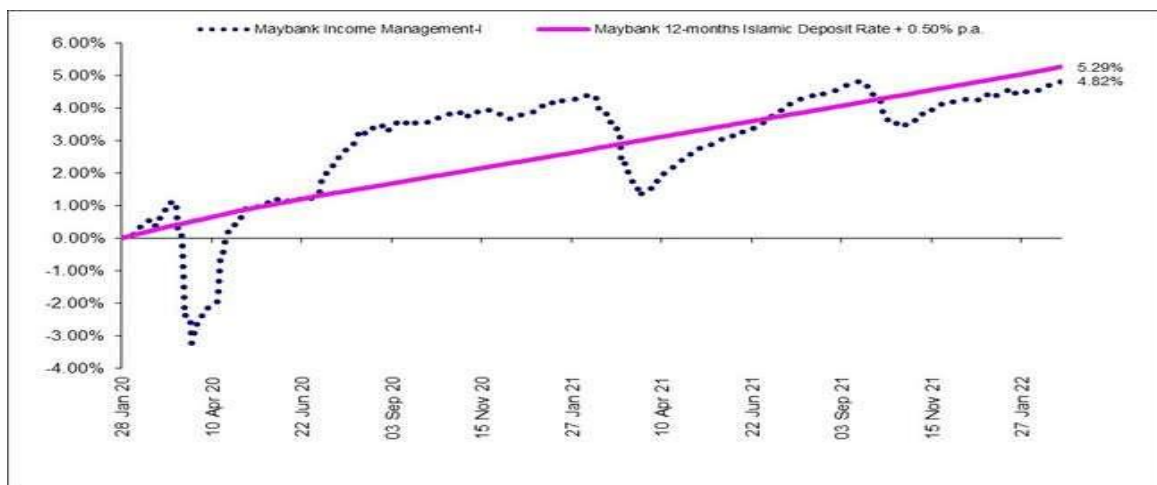

(2) The MER is 0.15 during the current financial period under review.

(3) The PTR is 0.30 times during the current financial period under review.

Investors are reminded that past performance of the Fund is not necessarily an indicative of its future performance and that unit prices and investment returns may fluctuate.

2. Performance of the Fund up to 28 February 2022

Category	6 months to 28.02.2022 %	1 year to 28.02.2022 %	Since inception to 28.02.2022 %
Capital growth	0.14	(0.77)	0.59

Source: Lipper, as at 28 February 2022

MAYBANK INCOME MANAGEMENT-I FUND

Manager's report

For the financial period from 1 September 2021 to 28 February 2022 (cont'd)

B. Performance Review (cont'd)

2. Performance of the Fund up to 28 February 2022 (cont'd)

The Fund generated a return of 0.24% for the period under review, underperforming the benchmark return of 1.17% over the corresponding period. The underperformance was due to the selloff in the local bond market in February, March and October 2021 caused by rising United States Treasury ("UST") yields on the back of economic recovery optimism and inflation concerns leading to rate hikes expectations in the United States ("US") that led to a rout in global bond market. Since its inception in January 2020, the Fund generated a return of 4.82% to underperform the benchmark return of 5.29%.

Overall, the Fund has met its objective with the net income distributions made in the financial period under review.

3. Annual total return of the Fund

Category	28.02.2022 %	31.08.2021 %	31.08.2020 %
Annual total return	0.24	1.25	3.28
Benchmark	1.17	2.36	1.67

4. Basis of calculation made in calculating the returns:

The performance figures are a comparison of the growth/decline in NAV after taking into account all the distributions payable (if any) during the stipulated period.

An illustration of the above would be as follows:

Capital return	=	(NAV per unit end / NAV per unit begin) - 1
Income return	=	Income distribution per unit / NAV per unit ex-date
Total return	=	(1+Capital return) x (1+Income return) - 1

C. Market Review

After four Overnight Policy Rate ("OPR") cuts by Bank Negara Malaysia ("BNM") between January 2020 and July 2020, the market saw BNM maintained its OPR at 1.75% throughout the period. Amidst the stable domestic monetary policy by BNM, the local fixed income market was more affected by the rise in UST yields that affected the global bond market. The global market saw the UST yields rose 25 base point ("bps") to 124 bps between the 2 year and 30 year maturities during the period as expectations on the Federal Reserve System ("Feds") to raise its interest rates gathered pace throughout the period under review as US economy showed signs of recovery and its inflation creeping up. Selloffs in global yields in 1Q 2021 and September to October 2021 saw local government bond ("govvies") yields rose 27-108 bps with the 10-year Malaysian Government Securities ("MGS") reaching a high of 3.73% or 54 bps increase from the beginning of the period. This led to similar adjustment in corporate bonds as the market adjusted to the movement in govvies.

MAYBANK INCOME MANAGEMENT-I FUND

Manager's report

For the financial period from 1 September 2021 to 28 February 2022 (cont'd)

D. Market Outlook & Strategies

We expect local bond market to be well supported on economic recovery and still lower yields from fixed deposits and money market funds. Similar with equities, we expect the recovery momentum to sustain into 2022 as Malaysia almost fully reopened its economic activities, supported by very high vaccination rates among all Malaysians. For Malaysia fixed income, our investment thesis for economic recovery and reflation trades will continue in 2022, i.e. to seek value from high quality corporate bonds in the primary and secondary market and remain slightly negative on having long duration. We foresee that Malaysia will keep its OPR level at 1.75% for 1Q2022 as economic recovery progresses steadily, and as an insurance to protect against potential negative surprises from new Coronavirus disease 2019 ("COVID19") variants and other unforeseen headwinds. BNM is likely to make the first interest rate hike in the 2H2022. Meanwhile, the geopolitical tensions between Ukraine and Russia is expected to increase demand for safe haven assets such as fixed income especially in Asian Emerging markets ("EM") as both opposing blocs introduced sanctions against each other. A falling UST yields due to risk-off sentiments is also expected to benefit local govvnies and hence local corporate sukuks as well. Additionally, given the flush liquidity in the banking system, this will continue to lend support to the local bond market as yield pickup remains decent as compared to the low yielding fixed deposits and money market funds.

We continue to overweight corporate sukuks over sovereign sukuks to anchor the Fund's income as the former are less volatile and provide higher yields to buffer against potential selloff in sovereign bond yields. Allocation wise, we are maintaining a cash target of 20%-25% for the Fund. Nevertheless, we will continue to look for attractive sukuk investments to trade and improve the portfolio current yield of 3.56%. Aside from the sukuk secondary market, we are also monitoring new primary issuances for offers of higher yields to deliver the required performance. As of 28 February 2022, the Fund is 72.40% invested in Ringgit Malaysia denominated sukuk investments.

G. Soft Commissions and Rebates

The Manager and its delegates will not retain any form of soft commissions and rebates from or otherwise share in any commission with any broker in consideration for directing dealings in the investments of the Fund unless the commission received is retained in the form of goods and services such as financial wire services and stock quotations system incidental to investment management of the Fund. All dealings with brokers are executed on best available terms.

During the financial period ended 28 February 2022, the Manager and its delegates did not receive any rebates from the brokers or dealers but have retained soft commissions in the form of goods and services such as research materials and advisory services that assist in decision making process relating to the investment of the Fund (i.e. research materials, data and quotation services, computer hardware and software incidental to the investment management of the Fund and investment advisory services) which were of demonstrable benefits to the unitholders.

TRUSTEE'S REPORT

TO THE UNITHOLDER'S OF MAYBANK INCOME MANAGEMENT-I FUND FOR THE FINANCIAL PERIOD FROM 1 SEPTEMBER 2021 TO 28 FEBRUARY 2022

We have acted as Trustee of Maybank Income Management-I Fund (the "Fund") for the financial period from 1 September 2021 to 28 February 2022. In our opinion and to the best of our knowledge, Maybank Asset Management Sdn Bhd (the "Manager") has operated and managed the Fund in accordance with the following:

- (a) Limitations imposed on the investment powers of the Manager and the Trustee under the Deed, the Securities Commission's Guidelines on Unit Trust Funds, the Capital Markets and Services Act 2007 and other applicable laws;
- (b) Valuation and pricing were carried out in accordance with the Deeds and relevant regulatory requirements;
- (c) Creation and cancellation of units were carried out in accordance with the Deeds and relevant regulatory requirements; and
- (d) The distribution of returns for the period were tied to and reflect the objective of the Fund.

MAYBANK INCOME MANAGEMENT-I FUND

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 SEPTEMBER 2021 TO 28 FEBRUARY 2022

1. THE FUND, THE MANAGER AND THEIR PRINCIPAL ACTIVITIES

Maybank Income Management-I Fund (the "Fund") was constituted pursuant to the execution of a Deed dated 3 December 2019 between the Manager, Maybank Asset Management Sdn Bhd ("MAM") and the Trustee, PB Trustee Services Bhd.

The principal activity of the Fund is to invest a minimum of 70% of the Fund's NAV in MYR-denominated sukuk issued and/or offered in Malaysia with a minimum Sukuk rating of 'A3' by RAM Holdings Berhad ("RAM") or equivalent rating by Malaysian Rating Corporation Berhad ("MARC"). However, if any of the sukuk held in the Fund has been downgraded to a rating lower than 'A3', the Manager may choose to dispose the sukuk as soon as practicable. However, if such prompt action may be detrimental to the Fund, the Manager may continue to hold onto the downgraded sukuk for up to ninety (90) days.

The Manager will also invest up to 30% of the Fund's NAV may be invested in Islamic liquid assets such as Islamic money market instruments and Islamic deposits.

The Manager of the Fund is MAM, a company incorporated in Malaysia. It is a holder of the Capital Markets Services Licence ("CMSL") with fund management as its regulated activity under the Capital Markets and Services Act 2007 ("CMSA").

The principal place of business of MAM is at Level 12, Tower C, Dataran Maybank, No. 1 Jalan Maarof, 59000 Kuala Lumpur, Malaysia. Maybank AM is a subsidiary of Maybank Asset Management Group Berhad ("MAMG"), which in turn is a subsidiary of Malayan Banking Berhad ("MBB").

MAM has appointed Maybank Islamic Asset Management Sdn Bhd ("MIAM") as the External Investment Manager for the Fund. MIAM is a subsidiary of MAMG and is a holder of CMSL to carry out Islamic fund management business pursuant to Section 61 of the CMSA.

The roles and responsibilities of MIAM include management of the investment portfolio in accordance with the investment objective, subject to the CMSA and the Guidelines on Unit Trust Funds issued by the Securities Commission of Malaysia ("SC") and any other relevant guidelines issued by the SC as well as the terms and conditions of the investment management agreement between MIAM and Maybank MAM.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The financial statements of the Fund have been prepared in accordance to Malaysian Financial Reporting Standards 134 Interim Financial Reporting ("MFRS 134") and International Accounting Standards 34 Interim Financial Reporting.

The Fund has adopted the MFRS, Amendments to Standards and Interpretations Committee ("IC") Interpretations which have become effective during the financial period. The adoption of the new pronouncements did not result in any material impact to the financial statements.

The financial statements have been prepared on a historical cost basis except as disclosed in the accounting policies in Note 2.3 to 2.14 in the financial statements.

2.2 Standards and amendments to standards issued but not yet effective

The following are Standards, Amendments to Standards and Interpretations issued by the MASB, but not yet effective, up to the date of issuance of the Fund's financial statements. The Fund intends to adopt the relevant standards, if applicable, when they become effective.

Description	Effective for annual periods beginning on or after
Amendments to MFRS 3: <i>Reference to the Conceptual Framework</i>	1 January 2022
Amendments to MFRS 116: <i>Proceeds before Intended Use</i>	1 January 2022
Amendments to MFRS 137: <i>Onerous Contracts - Cost of Fulfilling a Contract</i>	1 January 2022
Annual Improvements to MFRS Standards 2018-2020 Cycle	1 January 2022
MFRS 17: <i>Insurance Contracts</i>	1 January 2023
Amendments to MFRS 101: <i>Classification of Liabilities as Current or Non-current</i>	1 January 2023
Amendments to MFRS 10 and MFRS 128: <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Deferred

The Fund expects that the adoption of the above standards and amendments to standards will not have any material impact on the financial statements in the period of initial application.

2.3 Financial instruments

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provision of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at amortised cost or fair value, depending on the classification of the assets.

(i) Financial assets at amortised cost

Unless designated as at FVTPL on initial recognition, debt instruments that meet the following conditions are subsequently measured at amortised cost less impairment loss:

- the assets are held within a business model whose objectives is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

Debt instruments that do not meet the criteria above are classified as either fair value through other comprehensive income ("FVTOCI") or FVTPL.

The Fund classifies cash and cash equivalents, profit income receivables and amount due from Manager as financial assets at amortised cost, and are subsequently measured at amortised cost. These assets are subsequently measured using the effective profit rate ("EPR") method and are subject to impairment. The EPR is a method of calculating the amortised cost of the financial assets and of allocating and recognising the profit income in profit or loss over the relevant period.

(ii) Financial assets at FVTPL

Investments in Sukuk is classified as FVTPL, unless the Fund designates an investment that is not held for trading as FVTOCI on initial recognition.

A financial asset is recognised at FVTPL if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of the portfolio of identified financial instruments that the Fund manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instruments or a financial

Debt instruments that do not meet the amortised cost or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria but are designated as at FVTPL are measured at FVTPL. A debt instrument may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Financial assets (cont'd)

(ii) Financial assets at FVTPL (cont'd)

Debt instruments are reclassified from amortised cost to FVTPL when the business model is changed such that the amortised cost criteria are no longer met. Reclassification of debt instruments that are designated as at FVTPL on initial recognition is not allowed.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. Profit income on debt instruments as at FVTPL is disclosed separately in the profit or loss.

The carrying cost of unquoted fixed income securities denominated in RM are revalued on a daily basis based on fair value prices quoted by Bond Pricing Agency ("BPA") registered with the Securities Commission Malaysia ("SC"). Where such quotations are not available or where the Manager is of the view that the price quoted by the BPA for a specific unquoted fixed income securities differs from the market price by more than 20 basis points, the Manager may use the market price, provided that the Manager:

- records its basis for using a non-BPA price;
- obtain necessary internal approvals to the use of non-BPA price; and
- keeps an audit trail of all decisions and basis for adopting the market yield.

Changes in the fair value of FVTPL investments are recognised in 'unrealised gain on FVTPL investments' in profit or loss. Accumulated unrealised gains or losses are reclassified to 'realised gain on FVTPL investments' in profit or loss when the associated assets are sold.

(iii) Impairment of financial assets

Credit losses are recognised based on the 'Expected Credit Loss' ("ECL") model. The Fund recognises loss allowances for ECL on financial instruments that are not measured at FVTPL (financial assets that are debt instruments). The impairment model does not apply to equity investments.

ECL is a probability-weighted estimate of credit losses. It is measured as follows:

- Financial assets that are not credit-impaired at the reporting date:
As the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Fund expects to receive);
- Financial assets that are credit-impaired at the reporting date:
As the difference between the gross carrying amount and the present value of estimated future cash flows.

At each reporting date, the Fund assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Financial assets (cont'd)

(iii) Impairment of financial assets (cont'd)

Evidence that a financial asset is credit-impaired includes the following observable data:

- Significant financial difficulty of the issuer or counterparty;
- Significant downgrade in credit rating of the instrument by a rating agency;
- A breach of contract such as a default or past due event; or
- The disappearance of an active market for a security because of financial difficulties.

For balances with short-term nature, full impairment will be recognised on uncollected balances after the grace period.

(iv) Derecognition of financial assets

The Fund derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Fund neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Fund recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Fund retains substantially all the risks and rewards of ownership of a transferred financial asset, the Fund continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of financial asset classified as FVTPL, the cumulative unrealised gain or loss previously recognised is transferred to realised gain or loss on disposal in profit or loss.

On derecognition of financial asset at amortised cost, gain or losses are recognised in profit or loss when the asset is derecognised, modified and impaired.

2.5 Financial liabilities

(i) Classification

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability. The Fund classifies amount due to Manager, amount due to Trustee, amount due to broker and other payables and accruals as other financial liabilities.

(ii) Recognition and measurement

Financial liabilities are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

The Fund's financial liabilities are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective profit rate

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.5 Financial liabilities (cont'd)

(iii) Derecognition

A financial liability is derecognised when the obligation under the liability is extinguished. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

2.6 Fair value measurement

The Fund measures its financial instruments at fair value, at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability; or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Fund.

The fair value of an asset or a liability is measured using the assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (a) Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- (b) Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- (c) Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.6 Fair value measurement (cont'd)

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Fund determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting date.

For the purpose of fair value disclosures, the Fund has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.7 Functional and presentation currency

The financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in RM, which is also the Fund's functional currency.

2.8 Unitholders' capital

The unitholders' contributions to the Fund meet the criteria to be classified as equity instruments under MFRS 132 *Financial Instruments: Presentation*. Those criteria include:

- (i) the units entitle the holder to a proportionate share of the Fund's NAV;
- (ii) the units are the most subordinated class and class features are identical;
- (iii) there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- (iv) the total expected cash flows from the units over its life are based substantially on the profit or loss of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial year if unitholder exercises the right to put the unit back to the Fund. Units are created and cancelled at prices based on the Fund's NAV per unit at the time of creation or cancellation. The Fund's NAV per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

Distribution equalisation represents the average distributable amount included in the creation and cancellation prices of units. This amount is either refunded to unitholders by way of distribution and/or adjusted accordingly when units are cancelled.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.9 Distributions

Any distribution to the Fund's unitholders is accounted for as a deduction from realised reserves except where distributions is sourced out of distribution equalisation which is accounted for as a deduction from unitholders' capital. A proposed distribution is recognised as a liability in the financial year in which it is approved. Distribution is either reinvested or paid in cash to the unitholders on the income payment date. Reinvestment of units is based on the NAV per unit on the income payment date, which is also the time of creation.

2.10 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and Shariah-compliant deposits with licensed Islamic financial institutions with original maturity of three months or less which have an insignificant risk of changes in value.

2.11 Revenue / Income

Revenue is measured at the fair value of consideration received or receivable.

Profit income from Sukuk and Shariah-compliant deposits with licensed Islamic financial institutions are recognised on the accruals basis using the EPR method.

Realised gain or loss on disposal of Sukuk is measured as the difference between the net proceeds and its carrying amount of the investments, determined on cost adjusted for accretion of discount or amortisation of premium.

Other income such as consent fee payment from Sukuk issuer are recognised on an accrual basis when the right to receive has been established.

Other revenue is generally recognised when the Fund satisfies a performance obligation by transferring a promised good or service or an asset to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

2.12 Taxation

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax expense is determined according to Malaysian tax laws at the current tax rate based upon the taxable profit earned during the financial year.

No deferred tax is recognised as no temporary differences have been identified.

MAYBANK INCOME MANAGEMENT-I FUND

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.13 Segment information

Operating segments are reported in a manner consistent with the internal reporting used by the chief operating decision-maker. The chief operating decision-maker is responsible for allocating resources and assessing performance of the operating segments.

2.14 Critical accounting estimates and judgements

The preparation of the Fund's financial statements requires the Manager to make judgements, estimates and assumption that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability in the future.

No major judgement have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

3. SHARIAH INFORMATION OF THE FUND

The Shariah Adviser confirmed that the investment portfolio of the Fund during the financial period from 1 September 2021 to 28 February 2022 is Shariah-compliant.

4. PROFIT INCOME

	01.09.2021 to 28.02.2022 RM	01.09.2020 to 28.02.2021 RM
Profit income from Sukuk	2,898,103	3,293,264
Profit income from Shariah-compliant deposits	321,609	391,156
Amortisation of premium, net of accretion of discount	(283,057)	(418,588)
	<u>2,936,655</u>	<u>3,265,832</u>

5. MANAGER'S FEE

The Manager's fee is computed daily. The fee is based on 0.40% (01.08.2020 to 28.02.2021 : 0.40%) per annum ("p.a.") on the NAV of the Fund, before deducting Manager's fee and Trustee's fee for the day.

MAYBANK INCOME MANAGEMENT-I FUND

6. TRUSTEE'S FEE

The Trustee's fee is computed on a daily basis at 0.04% p.a. (01.08.2020 to 28.02.2021 : 0.40%) of the NAV of the Fund before deducting the Manager's fee and Trustee's fees.

7. TAXATION

	01.09.2021 to 28.02.2022 RM	01.09.2020 to 28.02.2021 RM
Tax charge for the financial period:		
Current income tax expense	-	-

Income tax is calculated at the Malaysian statutory tax rate of 24% of the estimated assessable income for the financial period.

The tax charge for the financial period is in relation to the taxable income earned by the Fund after deducting tax allowable expenses. In accordance with Schedule 6 of the Income Tax Act 1967, the profit income earned by the Fund from its investment in Sukuk and Shariah-compliant deposits is exempted from tax.

A reconciliation of income tax expense applicable to net income before taxation at the statutory income tax rate to income tax expense at the effective income tax rate is as follows:

	01.09.2021 to 28.02.2022 RM	01.09.2020 to 28.02.2021 RM
Net income before taxation	385,480	493,380
Tax at Malaysian statutory rate of 24%	92,515	118,411
Income not subject to tax	(739,196)	(975,893)
Loss not deductible for tax purposes	594,240	795,405
Expenses not deductible for tax purposes	52,441	62,077
Tax expense for the financial period	-	-

	4,751,529,230	100.00	9,219,447,853	100.00

* MBB is the ultimate holding company of the Manager.

** MIB is a subsidiary of MBB, the ultimate holding company of the Manager.

MAYBANK INCOME MANAGEMENT-I FUND

16. SIGNIFICANT RELATED PARTY TRANSACTIONS AND BALANCES

For the purpose of these financial statements, parties are considered to be related to the Fund or the Manager if the Fund or the Manager has the ability directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decision, or vice versa, or where the Fund or the Manager and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

In addition to the related party information disclosed elsewhere in the financial statements, below are the significant related party transactions and balances of the Fund.

(a) Significant related party transactions

	28.02.2022	31.08.2021
	RM	RM
<u>MIB:</u>		
Profit Income	72,849	14,051

(b) Significant related party balances

	28.02.2022	31.08.2021
	RM	RM
<u>MIB:</u>		
Cash at bank	186,805	213,575
Shariah-compliant deposits	45,382,899	10,260,000
Profit receivable	1,282,756	928
	<u>46,852,460</u>	<u>10,474,503</u>

The Manager is of the opinion that the transactions with the related parties have been entered into in the normal course of business and have been established on terms and conditions that are not materially different from that obtainable in transactions with unrelated parties.

17. MANAGEMENT EXPENSE RATIO ("MER")

The MER of the Fund is the ratio of the sum of fees and expenses incurred by the Fund to the average NAV of the Fund calculated on a daily basis. The fees and expenses include Manager's fee, Trustee's fee, auditors' remuneration, tax agent's fee and other administrative expenses. For the financial period from 1 September 2021 to 28 February 2022, the MER of the Fund stood at 0.15%. (31.08.2021 : 0.26%)

18. PORTFOLIO TURNOVER RATIO ("PTR")

The PTR of the Fund is the ratio of average acquisitions and disposals of the Fund for the financial period to the average NAV of the Fund calculated on a daily basis. For the financial period from 1 September 2021 to 28 February 2022, the PTR of the Fund stood at 0.30 times (31.08.2021 : 0.43 times)

MAYBANK INCOME MANAGEMENT-I FUND

19. SEGMENT INFORMATION

The Portfolio Management Committee (the "PMC") of the Manager, being the chief operating decision-maker, makes the strategic decisions on resources allocation of the Fund. The decisions are based on an integrated investment strategy to ensure the Fund achieves its targeted return with an acceptable level of risk within the portfolio.

The PMC is responsible for the performance of the Fund by investing a minimum of 70% of the Fund's NAV in MYR-denominated Sukuk. Up to 30% of the Fund's NAV may be invested in Islamic liquid assets such as Islamic money market instruments and Islamic deposits. The Fund may also invest up to 30% of its NAV investment in non-MYR denominated Sukuk should the EIM deems the investments to be in line with the objective of the Fund.

On this basis, the PMC considers the business of the Fund to have a single operating segment located in Malaysia. Asset allocation decisions are based on a single, integrated investments strategy and the Fund's performance is evaluated on an overall basis.

The internal reporting of the Fund's assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of MFRS and IFRS.

There were no changes in the reportable operating segments during the financial period from 1 September 2021 to 28 February 2022.

20. FAIR VALUE HIERARCHY

The Fund uses the following hierarchy for determining the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1	Level 2	Level 3

MAYBANK INCOME MANAGEMENT-I FUND

21. CAPITAL MANAGEMENT

The capital of the Fund can vary depending on the demand for redemptions and subscriptions to the Fund.

The Fund's objectives for managing capital are:

- (a) To invest in investments meeting the description, risk exposure and generate higher returns the prescribed benchmark as indicated in its prospectus;
- (b) To achieve consistent returns while safeguarding capital by using various investment strategies;
- (c) To maintain sufficient liquidity to meet the expenses of the Fund and to meet redemption requests as they arise; and
- (d) To maintain sufficient fund size to ensure that the operations of the Fund are cost-efficient.

No changes were made to the capital management objectives, policies or processes during the current financial period.
